

Have other health insurance?

WAIVE YOUR COUNTY COVERAGE

You may elect to waive your county health coverage during Open Enrollment.

After making your election, you must complete a waiver attestation through the My OC Benefits portal or by phone with a benefits service representative.

ALREADY WAIVED COVERAGE?

If you wish to continue waived coverage, annual attestations are not required.

COMPLETE THE ATTESTATION BY YOUR DEADLINE!

If you do not complete this process by the deadline, your previous coverage will remain in effect for the following plan year.

DO YOU HAVE COUNTY COVERAGE, AND COVERAGE THROUGH A SPOUSE OR DOMESTIC PARTNER?

County coverage is primary for employees. When you receive a medical bill, your county plan pays first. You must meet any requirements under your county plan (such as deductibles or copays) before your bill is paid.

Coverage through a spouse or domestic partner is considered secondary. Once your county medical plan has paid your claim, any remaining balance can be submitted to your secondary coverage.

Having two plans does not provide double benefits.
